

This is the Nether Green Walking Map. It's to help you walk to school and walk round the local area.

There are some great pictures on the map drawn by artists from Nether Green Infant School while they were exploring the area.

Can you see any of them on your way to school?

There are lots of reasons to walk your short journeys.

Here are some of them.

Rate from 1 to 5 which reasons are best and which are the worst. 1 is for the best reason and 5 for the worst reason.

So if you think that walking being healthy is a bad reason to do it, then give it 4 or 5.

Health - Walking more could help your body to work better

Free - Cars cost money. Bus tickets costs money. Walking costs nothing

Easy - Walking is easy. Almost anyone can do it.

Sociable - Many people walk and talk with their friends.

Fun - Think of all the things you can see and do as you walk

What did you see on your walk to school?
Why not draw a picture of it below?
